How to use this booklet

Your designer will go over the questions below with you during your design consultation. If you have any items (photos, color schemes, ect.) that help communicate your preferences, please bring them with you. Also, be sure to **bring a rough measurements of your space**. These questions allow us to design a personalized kitchen that reflects your needs, style and budget. After the questionnaire, there are pages for you to take notes or write down questions as they arise. We are excited to make your dream kitchen a reality. Let's get started!

Project Details

Based on your preferences, your designer will introduce you to different options of products we offer. Use the this page to write down your product choices. If you are deciding between a few options, it may be useful to use this page to make notes on your product preferences to be discussed in your next meeting. Our experience and knowledge will assure your material and style choices offer the best function and value for your kitchen investment. Before anything is ordered, your designer will go over the specific project details with you and (if needed) take measurements to ensure everything is exactly what you'd like.
